## SEQOHS accreditation

ROHL is a SEQOHS accredited occupational health service provider (certification no. 0303).

**SEQOHS** stands for **Safe, Effective, Quality Occupational Health Service**, and is a set of standards and voluntary accreditation scheme for occupational health services in the UK and beyond.

SEQOHS accreditation is the formal recognition that an occupational health service provider has demonstrated that it has the competence to deliver against the measures in the SEQOHS standards.

The SEQOHS accreditation scheme has rapidly become an integral part of the occupational health service landscape, accepted in both the public and private sectors as the recognised industry standard.

The scheme is managed by the Royal College of Physicians of London on behalf of the Faculty of Occupational Medicine.

Find us on the SEQOHS register at [www.seqohs.org](http://www.seqohs.org)

## What we can do

Our staff comprise qualified nurses, OH specialist practitioner and OH physicians. We are registered with the Oil & Gas UK Limited to perform offshore worker medicals and fitness assessments.

We can provide your business with an OH needs assessment, based on a site visit and review of your workplace health risk assessments.

We can also assist you with effective intervention in employee sickness absence by case management. Early intervention can support your employees to return to work quickly & effectively.

We offer a full package supporting both the employee and employer in compliance with regulations and maintaining a healthy happy work force. Staff can feel supported within the workplace in the knowledge that Occupational Health is provided.

Our services can be tailored to your needs - from a one-off consultation to a service level agreement.

Our goal is to improve the outcome and share the success of a healthy workplace.

**Healthy people = Healthy business**
